Dr. Miller's Newest! LH - \$39.95

Lameness: Its Causes & Prevention - Dr. Robert M. Miller - Do you want to learn how to keep your horse sound for a lifetime? This DVD will show you how. Dr. Miller explains how lameness is caused by: age, defective conformation, nutrition, lack of exercise, injury from an unsafe environment, inappropriate ground surfaces, improper foot care, laminitis, infection, genetics, and the most detrimental of all, too much work at too young an age. Included are chapters on physiology and keeping your horse sound. Dr. Miller shows how he ascertains where a

horse is lame, something that's often quite confusing, as well as the latest innovative ways of treating lameness, with Shane Miller, DVM. Julie Winkel's Conformation Clinic and Mary Cottrill's Natural Hoof Trimming chapters provide insight into how your horse's anatomy and hoof care also contribute to soundness. 93 minutes.
